of their new sales office

Inauguration by Mr R.G. Keswani

Mr. R. G. Keswani is a Chartered Engineer and the Chief Executive of R.G.K. Controls and Components Pvt. Ltd., who are manufacturers of switches and electromechanical devices.

Mr. Keswani is the Vice-President of IEMA—the Indian Electrical Manufacturers' Association—and its Chairman of Expert Committee, Chairman Exhibitions and Seminar Committee as well as the Chairman of advisory board for IEMA Journal.

He is the senior partner of Indian Engineering Company and is on the board of Directors of Test Equipments (Elec) Pvt. Ltd. and Tico Electricals Pvt. Ltd., Bhavnagar.

He is also associated with

Mr. R. G. KESWANI

educational institute like Vivekanand Technical Institute, Chembur, Bombay—as secretary.

ACTIVITIES OF

SSC, started at Ludhiana in 1965, is completing 18 years. With sustained effort and good-will from our esteemed customers, we successfully over-came the days of infantile infirmities and got established, now on a relatively sound footing.

SSC at present, mainly, is the Agents of M/s. Indian Engineering Company, Bombay for the State of Gujarat. With its offices at Baroda and Ahmedabad and a number of stockists and sub agents it has pioneered the marketing of IEC products throughout the state.

INDIAN ENGINEERING COMPANY

IEC, established in the year 1960, is now one of the largest firm in Electro Technical Components in India. With ten manufacturing units, IEC markets quite a wide range of components and equipments, broadly comprising of switches, relays — both Electromagnetic and Gas and Oil — Auto Switches and solid state electronic devices.

Rich experience and specialisation in the above line has enabled IEC to market their products throughout India. The quality of its products has been appreciated not only in India but also by foreign countries.

IEC products are being exported to over 15 countries for the last 20 years. These include developed countries like UK, and Holland. Regular supplies are being made to various original equipment manufacturers in India and abroad.

INSTASWITCH

Gujarat has given an encouraging welcome to IEC Make INSTASWITCH Automatic Light Control Unit. A solid state device, controlled by photocell, the light control unit has been introduced by leading organisations throughout Gujarat in their lighting system. Wherever introduced this works fault-free unaffected by weather vagaries.

As the sun sets down the lights get ON automatically and OFF at sun rise.

Various tests have proved that the introduction of the unit has resulted in substantial saving of energy and it would keep the lights ON only when it is needed.

INSTALARM

IEC Make Electronic Burglar Alarm (Instalarm) has been widely accepted by Gujarat State, especially by leading banking organisation like State Bank of India, Bank of Baroda, Dena Bank. IEC is making about 20 varieties of sirens of different range and design to suit the situation taste of different organisations.

INSTALITE

Haunted by unpredictable load shed Instalite and Emergency Lights have become an indispensable item for shops, offices, banks, industrial organisations and practically all.

IEC has introduced Emergency Lights of varying ranges and design.
